

Scouting Structures

Patrol

This is where most of your Scouting happens. You and your Patrol plan, do and review your own programme.

Troop

Patrols work together as a Troop. A troop is coordinated by the Patrol Leaders' Council with the help of Scouters.

Group

The Scout section is part of a Group with the other programme sections. It helps and supports each section.

County and Province

These help support groups by providing training and running activities.

National

The running of Scouting Ireland as an organisation happens through Committees, Professional Staff and an annual meeting called Nation Council
