

## Crean Award: Scout's Guide Document

This document is designed to help you and the members of your patrol to achieve the Crean Awards. It provides links to resources and references to pages of your Scout Book, *'The Spirit of Adventure'*.

### The Crean Awards are your Programme

The Scout Programme is based around the Crean Awards. The aim of the Programme Cycles is to help you achieve your Crean Awards and make progress in the SPICES. Most of the requirements can be completed by a Scout by taking an active part in a Patrol and Troop programme. However, there are some parts that have to be worked on individually by you. The Crean Awards can be achieved by you and the other members of your Patrol by taking an active part in the Patrol and Troop programme.

The Crean Awards should be seen as something which for the most part can be earned by Scouts by taking an active part in the Patrol and Troop programme. As an example, take the Community requirement of Section 3 - Citizenship. One community service project carried out by a Patrol can cover this requirement in all four awards. The project will be led by a Scout working towards Polar and they will be assisted in the running of the project by those Scouts working towards Endurance. Those Scouts working towards Terra Nova will simply participate in the activity itself while those Scouts working towards Discovery can gain knowledge about local community groups.
